## SUMMARY

Head of Development & AI and Technical Project Manager with professional experience since 2019 spanning digital services, CRM, technical delivery and AI. Lead AI product and automation delivery at Digital Authority Partners and PerformanceX. Completing a 120-credit Data Science master's programme at Dalarna University (expected January 2028). Legally permitted to work in Sweden.

## EXPERIENCE

### Head of Development & AI / Technical Project Manager
Jun 2024 to present

Digital Authority Partners, remote

- Lead development and AI delivery across engineering, design, content, SEO and product teams, coordinating multiple client engagements from scoping to release.
- Translate business needs into technical specifications, user stories and acceptance criteria; run development sprints and AI-team Scrum.
- Manage delivery of AI agents, sales automation, CRM integrations and data workflows, and of web and digital products including CJP, ONS Biomarker Guides and a client onboarding portal.
- Use Claude, Claude Code, Cowork, Codex, ChatGPT, Gemini and Firecrawl in AI-assisted research, development and review workflows, assessing outputs against requirements.

### AI Engineering & Automation Lead / Technical Project Manager
Jul 2025 to present

PerformanceX, remote

- Lead day-to-day technical delivery of an AI workforce-intelligence platform that turns communication and work-activity data into evidence-backed employee and manager reports.
- Coordinate AI engineering, integrations, reporting and portal development across roadmap planning, sprint execution, quality assurance and release reviews.
- Set review gates for AI output quality and agent behaviour; managed migration of 10 ingestion sources and 15 report flows from n8n to Google Cloud Run.

### Head of Service Delivery
Jun 2019 to May 2024

Inbouncy LLC, remote

- Directed delivery of web development, CRM, SEO, content and digital marketing services for clients and agency partners in North America and Europe.
- Established procedures and quality checks across concurrent engagements; implemented HubSpot pipelines, task automation, dashboards and reporting.

### Junior Account Manager
Jul 2021 to Jan 2023

OneLittleWeb Ltd, Dhaka

- Managed SEO client accounts and coordinated outreach, content and technical SEO delivery.

## EDUCATION

**Dalarna University** Jan 2026 to Jan 2028 (expected)
MSc Data Science, 120-credit programme (in progress)

**BRAC University** 2014 to 2019
BSc Computer Science and Engineering

## SELECTED PROJECTS

- **Swedish Job-Ad Explorer.** Independent. JobTech API, PostgreSQL, TF-IDF classifier and Streamlit interface; local application.
- **Monte Carlo risk analysis.** Coursework. Hospital-capacity and stock-return simulations in R, including an exact stationary check of the hospital model.
- **GeoLife trip-purpose classification.** Coursework. HMMs and a Random Forest, with evaluation limits stated.
- **PerformanceX, DAP AI Sales Automation, CJP.** Professional delivery across AI workforce intelligence, sales automation and platform consolidation.
